Special Issues Open for Submission:

Study of Lake Primary Producers and Water Quality Using Remote Sensing Techniques

Guest Editors: Monica Pinardi, Mariano Bresciani, Viktor Tóth and Igor Ogashawara
Deadline: **30 November 2021**

Anthropogenic and Climatic Disturbances in Freshwater and Coastal Ecosystems: Interactive Impacts and Expected Threats

Guest Editor: Stefano Cozzi
Deadline: **30 June 2021**

Biology and Ecology of Threatened Freshwater Fish

Guest Editor: Prof. Dr. Fernando Cobo
Deadline: **30 September 2021**

The WFD 20 Years After—Ecological Status Assessment and Restoration of Aquatic Ecosystems

Guest Editor: Dr. Nikolaos Skoulidakis
Deadline: **31 July 2021**

Spatio-Temporal Patterns in Coastal Lagoons Biodiversity: Linking Complexity and Ecosystem Properties

Guest Editor: Prof. Dr. Angel Perez-Ruzafa
Deadline: **31 December 2021**

Effects of Climate and Environmental Change on Freshwater Ecosystems

Guest Editors: Dr. Valeria Lencioni and Dr. Dean Jacobsen
Deadline: **30 November 2021**

Quantifying the Effects of Global Change on the Distribution and Quality of Aquatic Resources

Guest Editor: Prof. Dr. Angel Perez-Ruzafa
Deadline: **31 December 2021**

Special Issues Open for Submission:

1. Integrated Surface Water and Groundwater Analysis

Guest Editors: Dr. Il-Moon Chung, Dr. Sun Woo Chang, Dr. Yeonsang Hwang, Prof. Yeonjoo Kim

Deadline: **31 July 2021**

2. Current Status and Future Prospects of Hydromorphological Assessment of Rivers

Guest Editors: Dr. Elias Dimitriou, Dr. Kostas Stefanidis, Dr. George Papaioannou

Deadline: **31 August 2021**

3. Advances in Flow Modeling for Water Resources and Hydrological Engineering

Guest Editors: Dr. Carmelina Costanzo, Dr. Carmelina Costanzo and Dr. Roberta Padulano

Deadline: **1 September 2021**

4. Sustainable Water Management in Urban, Agricultural and Natural Systems

Guest Editors: Dr. Giuseppe Pulighe, Dr. Eng. Flavio Lupia, Dr. Huajin Chen, Prof. Dr. Hailong Yin

Deadline: **15 September 2021**

5. Experts' Views and Opinions in Hydrological and Water Resources Issues

Guest Editors: Prof. Dr. Ezio Todini, Prof. Dr. Tammo Steenhuis

Deadline: **31 December 2021**

6. Hydrological Applications and Cooperation Projects in Developing Countries

Guest Editors: Dr. Alain Dezetter, Dr. Alessio Radice

Deadline: **31 March 2022**

an Open Access Journal by MDPI

Special Issues Open for Submission:

1. Sustainability Transformations in the Energy, Water and Agri-Food Sectors

Guest Editors: Dr. Elina Dace, Dr. Jelena Ziemele

Deadline: **20 March 2022**

2. Deepwater Gas Hydrate Exploration Challenges and Technology Developments in the Western Pacific and Indian Ocean

Guest Editors: Dr. Moe Kyaw (Thu), Prof. Dr. Joo Yong Lee, Prof. Dr. Andrew Tien-Shun Lin and Dr. Shinichi Kuramoto

Deadline: **28 February 2022**

3. Recent Advances in Marine and Offshore Renewable Power Generation Technologies

Guest Editor: Dr. Wenxian Yang

Deadline: **31 August 2022**

4. Relationship Analysis of the Water-Energy-Food Nexus under Climate Change

Guest Editors: Prof. Jin-Yong Choi, Prof. Sang-hyun Lee

Deadline: **15 November 2021**

5. Policy and Technology for Ocean Renewable Energy

Guest Editors: Dr. Jin-Hak Yi, Dr. Jong-Su Choi

Deadline: **15 September 2021**

6. Key Technologies of Distant Ocean Wind Power Transmission and Grid Integration

Guest Editor: Prof. Dr. Zheng Xu

Deadline: **22 November 2021**

7. Offshore Energy Transition Towards Carbon Neutrality

Guest Editor: Dr. Narakorn Srinil

Deadline: **7 February 2022**

8. Marine Renewable Energy Technology

Guest Editor: Prof. Dr. Marco Torresi

Deadline: **28 April 2022**

Special Issues Open for Submission:

1. Frontiers in Marine Animal Telemetry Research

Guest Editor: Prof. Bradley M. Wetherbee

Deadline: **31 July 2021**

2. Sustainable Marine Aquaculture and Fisheries

Guest Editors: Dr. Magda Catarina Sousa and Dr. Gulnihal Ozbay

Deadline: **20 August 2021**

3. Ocean CO₂ Capture and Coastal Resilience

Guest Editor: Dr. Chinmayee Subban

Deadline: **30 August 2021**

4. Machine Learning and Remote Sensing in Ocean Science and Engineering

Guest Editors: Assoc. Prof. Dr. Marco Cococcioni and Assoc. Prof. Dr. Pierre Lermusiaux

Deadline: **1 October 2021**

5. Aquaculture Impacts on Marine Ecosystems

Guest Editor: Dr. Vjekoslav Tičina

Deadline: **5 October 2021**

6. Dynamics of Ocean General Circulation and Its Variability

Guest Editor: Dr. Anatoly Gusev

Deadline: **31 October 2021**

7. Aquaculture: Ensure Sustainable Use and Foster Innovation for Future Climate Challenges

Guest Editor: Dr. Magda Catarina Sousa

Deadline: **10 December 2021**

Special Issues Open for Submission:

1. Physical, Chemical, and Biological Quality of the Water in Marine and Brackish Environments

Guest Editor: Dr. Marilena Sanfilippo

Deadline: **30 July 2021**

2. Advances in Water Resource Monitoring and Modelling: Water Quantity and Quality Issues

Guest Editor: Dr. Diego Copetti

Deadline: **1 August 2021**

3. New Technologies in Water Treatment and Water Reuse

Guest Editor: Dr. Seong-Nam Nam

Deadline: **30 November 2021**

4. Theoretical and Practical Approaches in Watershed Management across Different Environmental Contexts

Guest Editors: Dr. Demetrio Antonio Zema and Dr. Manuel Esteban Lucas-Borja

Deadline: **31 December 2021**

5. Application of Risk Management and Modelling on Drinking-Water and Sanitation Systems

Guest Editors: Dr. Katherine Pond and Dr. Susan Hughes

Deadline: **22 February 2022**

6. Planning for Water Circular Territories: Drivers, Barriers and Best Practices to Foster Transition

Guest Editor: Prof. Dr. Teresa Fidélis

Deadline: **31 July 2022**
